**APPROVAL OF THE PRIOR MEETING MINUTES**

Upon a motion by Cathlin Gleason, seconded by Brian Johnson, the Board tabled the prior minutes to be reviewed at September meeting. The motion carried 5 yes, 0 no.

**PUBLIC EXPRESSION**

Mr. Newman congratulated the new elect officers. He urged the Administration to fill the vacant positions. The library needs more than substitute librarians to cover. The Library needs full time committed employees. Rebecca Steere has resigned.

Cheryl Thomas congratulated the new elect officers. She expressed the need for the Board and Administration should work together and help build the morale of the staff.

Kevin Huff expressed he has just started using the library. There should be more programs on the computers for the patrons to enhance their skills. He would like to be able to download programs, which the library doesn’t allow.

Christine Gibson expressed the importance of appreciated the staff. The library is understaffed. Suggestions and ideas are needed to improve the relation with the staff.

**DIRECTOR’S REPORT**

Finance Department
Staffing in the finance part of the administrative office needs to be addressed. Our board treasurer is only working 21 hours per week but needs to be here the full 35 hours. The work that is being done by the treasurer needs to be done full time. Even though he is assisted by Juan Jaramillo, they cannot keep up with the demands of the library’s finance requirements. Since this is a critical need, decisions need to be made on these staffing concerns. There are 2 ways to approach these needs. A finance person/business manager who handles the day to day demands of our budgeting needs can be hired full time with the Board appointing another individual who, as treasurer, oversees the finances and reports back to the board. That person can be associated with an accounting company or can be an accountant who is paid for services from the professional services line. The treasurer in that capacity will not have to work many hours to oversee the financial reviews that would be needed to report to the Board. The other option is to hire a Board Treasurer to perform this work. Either way this job needs to be posted so that we can enter the fall months with a full time finance person on staff. I also recommend that we begin looking for a part-time account clerk to assist the finance department. As it stands now we cannot adequately meet the demands of running the library finances. The new budget as a part time position added to assist in this department. I am strongly recommending that the finance committee and the personal committee make a final determination for this position so that it can be posted and filled by a qualified professional as soon as possible.

Circulation Department

Staffing needs in the circulation department also need to be addressed quickly. We are trying to hire one to two part-time clerks but are waiting for an updated list from civil service. Since we recently touched base with our employee who is out on medical leave and know it will be at least another 3 months before she might be able to return to work I am recommending that we make one of our part time clerks a temporary full-time staff member. This will alleviate the staffing constraints by a department that staffs 2 circulation desks and will be having staff taking vacations shortly. We all need to keep in mind that our mission is to serve the public, we do this by staffing our public service desks with qualified staff. Our staff works very hard and covers 57 open hours per week but they need help. This is a matter that cannot wait.

Children’s Department

Children’s staff has always been short but it is especially short with the departure of the Youth Services Coordinator. Currently we have one full time Children’s librarian, one temporary full-time employee and one part time employee who only covers the night shifts. We have substitute librarians to help fill in the gaps and cover staff to do programming. Program attendance is on the rise and the demand for new programming is high. We need qualified staff to help us meet the programming demands. I want to appoint the temporary full-time librarian to provisional. We need to hold on to her because she is an excellent children’s librarian. This position is a newly budgeted position and I am strongly advocating to appoint her provisionally.
We have conducted two interviews for a part-time children’s librarian and will hold another one next week. We should have an offer ready at the end of next week.

Collections Department

Nishan Stepak will become the supervisor of the Collections Department once the resolution is passed at the regular board meeting. Currently he has been working to set up our new Cloud Library, which will offer e-materials to our patrons through a much easier portal to navigate than the Overdrive app.

We purchased a scanner that is currently set up in the computer lab. We will be having a scanner class shortly but will also be using the scanner to digitalize files and books from the local history room. We have the Mayor’s Youth Bureau workers as well as some teen volunteers who will be assisting in this project. This will be an ongoing project so that so of our wonderful resources can be preserved and accessed digitally through our web site.

The library will be receiving a donation of between 40-60 poetry books published by small presses through the Poulin Project, which donates brand new books to schools and libraries across the country.

Through a donation from the Mount Vernon Lion’s Club that was given to the library for the purchase of large print books, we were able to add 31 new titles to the collection. Most of the titles are upcoming books by bestselling authors.

Adult programming included the Solomon Hicks Blues concert in the Rotunda and the Motown Karaoke Party that was lots of fun for the attendees. Adult summer reading club also kicked off in late June with 20 signups on the first day.

Nishan and Rebecca are working on a Staples Technology Grant to purchase a variety of tablets for the library.

The library unveiled the Heavy D materials collection with reception.

Wartburg history display in the Rotunda Gallery came to an end this week with a closing reception that celebrated the history of the Wartburg which is an important history of the City of Mount Vernon as well.

PLDA meet in June at the Eastchester Public Library. The new finance model was voted on and passed and it went to the WLS Board for consideration. PLDA meetings with resume in September. WLS moved its headquarters to Taxer Road in Elmsford.

Art Sculpture Dedication

The dedication of “Seeing the Wind” by Rochelle Shicoff went very well. Many of the community leaders were in attendance as well as the Friends of the Library, staff members and members of the community. Although the sky threatened rain, it held off and we were able to conduct the ceremony outside as originally planned. The attendees gradually moved indoors for the reception and were very supportive and complimentary for the beautiful and creative sculpture that now graces the 2nd Avenue side of the library.

Facility
Vertical Systems representative was in the library recently to do an evaluation of the existing elevator. This is work needed to put together a proposal for the elevator upgrade that will be done by the NY state construction grant funds that the library will be receiving over the next few months.

Roxanne Nielson and Doug Emilio presided over a contractors meeting this week. This meeting was for the preparation for the bidding on the door replacement and bathroom construction for the new children’s bathroom. The door replacement needs to be completed as time is running on the grant monies left to help fund this last piece of the foyer upgrade grant from DASNY.

We are having repair issues with several of the Dakin air condition units in the Board room as well as the Fiction room. Mr. Finch is working to try to get a repair plan in place as he feels DHL plan may not be going in the correct direction. He will report on this at the next Building & Grounds meeting.

The new wrought iron fence was installed in front of the employee parking lot. Only 2 sections of the chain link fence was replaced but it makes the front look very attractive.

Carolyn Karwoski
7/15/16

Upon a motion made by Oscar Davis, Jr. the board made an amendment to the agenda to add the committee reports.

TECHNOLOGY COMMITTEE

E-rates will be coming in for an approval in the upcoming week. ADP out of service for 3, a upgraded system will be installed at no charge.

BUILDING & GROUNDS

New art work was installed. Looking for funding from sponsors to complete the fencing.
