BOARD OF TRUSTEE MEETING  
March 18, 2015  
6:30 PM  
MINUTES  

The regular meeting of the Board of Trustees of the Mount Vernon Public Library was held on March 18, 2015 at the Mount Vernon Public Library, 28 South First Avenue, Mount Vernon, New York 10550. Brian Johnson who presided called the meeting to order at 6:38 PM.

ROLL CALL:

Trustees Present: Linda Bryant, Oscar Davis, Brian Johnson, Darren Morton and Na’im Tyson

Also Present: Jason Panton, TD Bank Representative; Gary Newman, Head of Reference and Cheryl Thomas, Library Staff; Traci Hoover, Thomas Keller and Tamara Stewart, Library Patrons; Carolyn Karwoski, Library Director, Jose Alvelo, Interim Treasurer, Robert Half Assoc. and Mary Harper, Administrative Assistant.

TD BANK PRESENTATION:

Jason Panton talked about the philosophy of TD Bank and their plan to give back to the community. He spoke about the many business programs and presentations that were planned including presentations geared toward youth. He also spoke about a bank account plan that would be geared toward library employees. Mr. Panton commented on the library being honored by TD Bank for Black History Month.

MINUTES:

Upon a motion by Linda Bryant, seconded by Darren Morton, the board approved the February meeting minutes. The motion carried 3 yes, 2 abstentions.

PERIOD OF PUBLIC EXPRESSION:

Tamara Stewart commented on the confusion with the March 5th library closing due to the snow. She said first it was announced that the library would open at 12:00 pm and patrons showed up only to find that the library was closed.

Trustee Johnson said that the library was reexamining the procedures in this area.

Gary Newman said that it had been a terrible winter and there were difficulties with opening and closing. If you wait to see if there is a blizzard outside, you are putting the staff at risk. He said that he thinks the library has done as well as could be expected. Mr. Newman said that hindsight is easy. If you lean toward safety nothing is wrong with that.

DIRECTOR’S REPORT:

Library Director Carolyn Karwoski reported the following.
Leaking Roof

Due to the ongoing bad winter the library had closings delays and many reduced hours. The melting of the snow has had an adverse effect on the condition of the building. There is leaking on the left hand side of the building that is affecting both floors of the library including the children’s room.

Roxanne Nielson toured the building with architect Douglas Emilio and examined the library roof and the areas damaged by the leaks. They examined the files regarding the roof work that was done and discovered the architectural firm involved with the project and that the roof had a fifteen year warranty. Roxanne reached out to RAND Engineering and they reported that they were the firm specified in the roof system at the library. Based on their reading of the roof contract, it is under warranty with the manufacturer. The library was to follow the procedural guidelines that were detailed under the warranty.

Roxanne Neilson has asked RAND to prepare a proposal to do a survey of the roof to document the problems. This should put the library in a better position with the roofing company who is then obliged to make the repairs.

Computer Classes

The computer classes continue to be popular; especially the ones that cover basic programs. The attendees would love to see a bigger space with more room, but at this time we don’t have a larger area we can put a computer classroom in.

Crochet Classes

This month the library started to hold crochet classes. A Mount Vernon resident, Ms Pittner is teaching the classes on Tuesday afternoon and approximately 12-17 people attend. It is becoming extremely popular. The library is looking at other kinds of maker classes including knitting and sewing.

New Phone System

The new phone system has become a welcome addition. The versatility of the new system will allow patrons to have easier access to library information. There are a few kinks that need to be worked out, but the company has been very responsive. This ultimately will be a major improvement for services to the library.

Legislative Workshop

Carolyn Karwoski attended Library Legislation day and met with staff of some of our local representatives. Trustee Johnson also attended these meetings. The purpose was to lobby for increased funding for libraries in New York State. The Governor has cut the library budget to a pre-1997 amount of $6.627 million. There is a separate amount of 14 million for Public Library construction Grants and 1.3 million for the MTA Commuter Tax. The library has not been funded to its full extent since 2008.

New Patron Services

We have added new services for our patrons recently that we are excited about.
  • 50 new e-books for careers, jobs and have been added through the addition of the Gale Cengage Virtual Library.
• Early Learning Center in the children’s library will be available soon to Mount Vernon’s young children and their caregivers. Children’s staff is creating an area for 2 early learning computers as well as books and other materials to encourage early learning for families. This will continue to be developed as early learning is a large component for young children to be ready to read and ready for school.

• Added 15 additional magazines for Mount Vernon Patrons through the Flipster magazine service provided by WLS

• Added Zinio online magazines for Mount Vernon patrons only. 50 popular titles are currently available. There are no restrictions in the number of users of each title. We will be monitoring usage to evaluate continuing with Flipster next year when renewals come due;

• Added ABC-CLIO database, “The African American Experience” developed with the guidance of African American librarians and subject specialists.

• All these resources can be accessed by Mount Vernon Library Patrons using their barcode numbers of their library cards.

**Grounds Beautification Project**

Goldman Sachs has approved a grounds beautification project which includes plantings, clean-up and reseeding of the grass in the front of the building. This is a volunteer program funded by Goldman Sachs. Winston Maharaj stated that he will continue to request funding though the Goldman Sachs Volunteer fund.

**Friends 501c3**

The “Friends” have officially received notification of their IRS 501c3 non-profit status. Their Book Sale will be held on May 8th and 9th in the Community Room. The “Friends” are again having a writing contest for grades 3 through 6. The theme is “Kids Love Libraries”

Trustee Johnson asked about the increased Wi-Fi and said that we need to let the public know. Trustee Davis said that additional extensions will be added to the community room once the AARP Tax prep is over.

Carolyn Karwoski said that a PR campaign will be done about the new services.

Trustee Johnson said that he wanted to have an open house in April.

Trustee Morton inquired about the library’s marketing services to the public. He asked how information was effectively gotten to the schools. Carolyn Karwoski said that Denise Lyles is doing a phenomenal job of getting the word out. There are some relationships that we must continue to build on. There is a relationship with Hartley Park and Ms. Lyles has created an Instagram page for the kids.

There was discussion about the new phone system, whether training was done and how many additional phones were needed.
FINANCE COMMITTEE:
Jose Alvelo explained the financial report and the expenses that have been received through February.

Trustee Morton discussed the installment payments for the retirement system and how it will affect the budget until the reconciliation is completed.

There was discussion of the line item for salaries and whether replacements in some positions were needed. Budget forecasting for part-time salaries was also discussed.

Upon a motion by Darren Morton, seconded by Na’im Tyson, the Board moved to adopt the financial report. The motion carried 5 yes, 0 no.

There were questions about the check register and payments to individual retirees under the Medicare Part B Plan. The library makes reimbursements to these retirees for the Medicare cost that is automatically deducted from their pension.

Resolution 00006-15

There was discussion regarding resolution 00006-15 and whether it could be brought to the table again since there was an abstention from one trustee pending the review of payment receipts for the resolution.

Trustee Morton said that the trustee who previously abstained from the resolution can now move to resubmit the resolution for adoption. Trustee Davis questioned whether the resolution could be resubmitted since the information that was requested had not been received prior to the initial submission of the resolution.

Upon a motion by Na’im Tyson, seconded by Darren Morton, the Board moved to reconsider resolution 00006-15. The motion carried 3 yes, 2 no.

Upon a motion by Na’im Tyson, seconded by Darren Morton, the board moved to approve resolution 00006-15. The motion carried 3 yes, 2 no.
